3. Detailed Information

The Registration **Detailed Information** is the electronic form, used to enrol Recipient and Donor Pairs into KPD. Once Registration is *saved and submitted*, enrolment is created and all registration data fields are populated in the person profile.

Transplantation Portal – ANZKX Enrolment, Medical Information and Registration Data Fields

- ! **Important Note:** Once Registration is submitted and enrolment created, Status is On hold – Awaiting ANZKX activation.

The **Detailed Information** screen involves adding Recipient and Donor information in KPD registration. There are four tabs:

- General Information
- Medical Information
- Notes & Attachments
- Enrolment Information Recipient/Donor – Kidney – KPD

To add Patient and Donor Registration information into tabs and fields:

1. Click **Registration** menu.
2. Select the patient/donor from the **In Progress** tab.
3. Modify data fields where applicable.
4. Click **Save**.

3.1 General Information

Recipient and Donor General Information is displayed as follows

General Information
