

The following menu options are available in the Transplantation Portal.

## 1. SEARCH

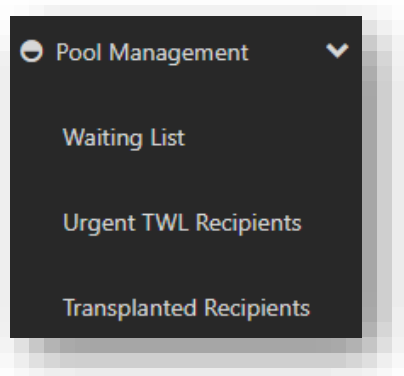

Donor records can be searched using:

- OM ID
- Last Name
- First Name
- Date of Birth
- Reference ID Type
- Transplant Role

## 2. POOL MANAGEMENT

**Pool Management** on the navigation pane contains three sections:

- Waiting List
- Urgent TWL Recipients
- Transplanted Recipients

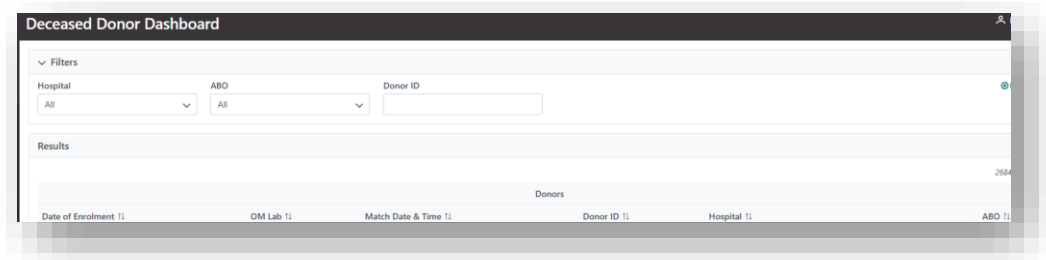

Pool management can be used to view groups of patients. The groups include:

- Waiting Lists – list of recipients currently waiting for an organ transplant.
- Urgent patients
- Transplanted patients

For more detailed information, refer to [Pool Management – Transplantation Portal \(OM-056\)](#).

## 3. DONOR DASHBOARD

A list of Deceased Organ Donors matched against recipients from the user's hospital is displayed.

For more detailed information, refer to [Donor Dashboard – Transplantation Portal \(OM-060\)](#).

## 4. REGISTRATION

The Registration menu allows users with the appropriate access to register patients, the first step in creating an enrolment, in OrganMatch.

For more detailed information, refer to:

[Kidney Transplant Waiting List \(TWL\) Registration – Transplantation Portal \(OM-019\)](#)

[Kidney/Pancreas Transplant Waiting List \(TWL\) Registration – Transplantation Portal \(OM-020\)](#)

[Heart Transplant Waiting List \(TWL\) Registration – Transplantation Portal \(OM-039\)](#)

[Lung Transplant Waiting List \(TWL\) Registration – Transplantation Portal \(OM-021\)](#)

[Liver Transplant Waiting List \(TWL\) Registration – Transplantation Portal \(OM-045\)](#)

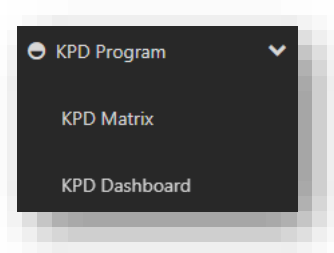

[Kidney Paired Donation \(KPD\) Registration – Transplantation Portal \(OM-022\)](#)

[ANZKX Registration and Enrolment – Transplantation Portal \(OM-029\)](#)

[Living Directed Donor \(LDD\) Registration – Transplantation Portal \(OM-050\)](#)

## 5. KPD PROGRAM

This menu item is only visible to the Australian New Zealand Kidney Exchange (ANZKX) team and allows users to access the KPD program menu. This contains the KPD Dashboard and the KPD matrix.

**KPD Matrix** – displays recipients and donors enrolled on the KPD pathway.

**KPD Dashboard** – allows the ANZKX team to view combinations and chains in the OrganMatch Transplantation Portal.

For more detailed information, refer to [ANZKX Offer Management – Transplantation Portal \(OM-030\)](#).

## 6. NOTIFICATIONS

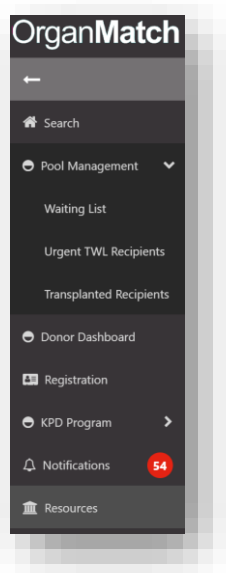

The notification menu lists all the notifications relevant to the user's access.

For more information, refer to [Notifications – Transplantation Portal \(OM-011\)](#).

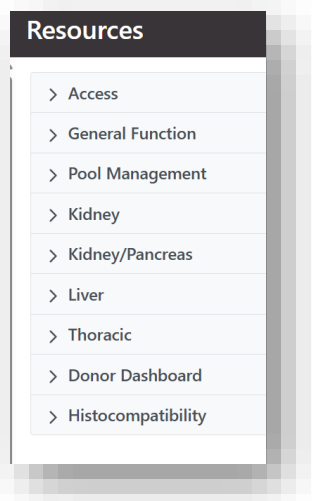

## 7. RESOURCES

The Resources menu allows users to view documentation and training videos in OrganMatch.

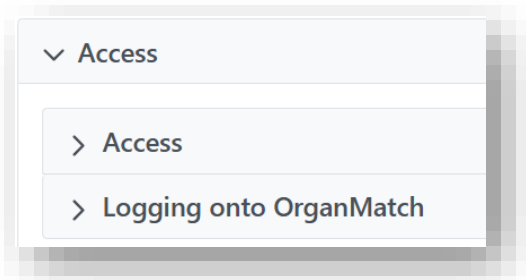

1. Click **Resources**.

2. Resource **Sections** are displayed.

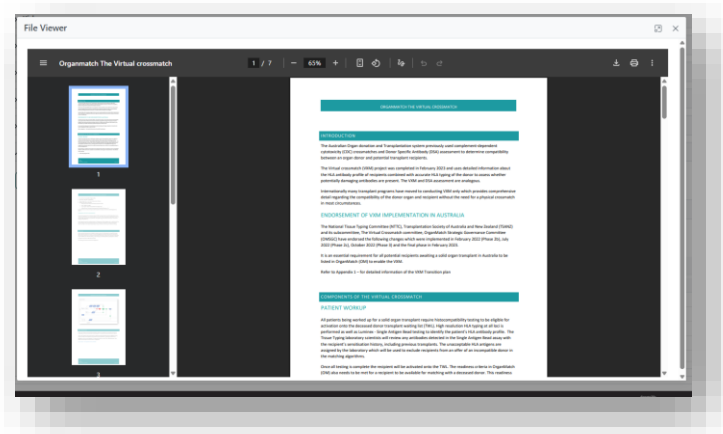

3. Click on a **Resource Section** to open the accordion.  
Section **Topics** are displayed.

4. Click on **Topic** to display **Resources** available.

Histocompatibility				
Matching				
Resource	Document ID	Summary	Items	Last Modified
Virtual Crossmatch	OM-032	Outline of the implementation and components of Virtual Crossmatch (VXM) in Australia.	<a href="#">OM-032 Virtual Crossmatch v8.pdf</a>	September 5, 2025
			<a href="#">Virtual Crossmatch Link</a>	September 5, 2025
			<a href="#">OM-032 Virtual Crossmatch v7.pdf</a>	September 5, 2025
			<a href="#">OM-032 Virtual Crossmatch v6.pdf</a>	September 5, 2025

5. Click on **Resource** to view.

## 8. EXTRACTS

The Data Extract menu enables users to generate files containing matching data against deceased donors for the Kidney, Heart or Lung Transplant Waiting List (TWL) patients, patients matched on the Australia and New Zealand Paired Kidney Exchange (ANZKX) or data can be extracted for transplanted patients.

For more information refer to [Data Extracts – Transplantation Portal \(OM-103\)](#).

## DEFINITIONS

Term/abbreviation	Definition
ANZKX	Australia and New Zealand Paired Kidney Exchange
